CLAIM

The ornamental design for a display screen or portion thereof with animated graphic user interface, as shown and described.

DESCRIPTION

FIG. 1 is the first image in a sequence for a display screen or portion thereof with animated graphic user interface showing our new design; and,

FIG. 2 is the second image thereof.

The broken lines illustrating portions of the display screen or portion thereof with animated graphic user interface are for environmental purposes only and form no part of the claimed design.

The dot-dash lines in the figures represent an unclaimed boundary line and form no part of the claimed design.

The appearance of the animated user interface sequentially transitions between the images shown in FIGS. 1-2. The process or period in which one image transitions to another forms no part of the claimed design.
