[57] CLAIM

The ornamental design for guide lights for a hand-held scanner, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of guide lights for a hand-held scanner according to our new design; FIG. 2 is a side view, the opposite side is identical; FIG. 3 is a top view; and, FIG. 4 is an end view, the opposite end is a mirror image. The broken line drawings in all views are for illustrative purposes only and form no part of the claimed design.
