Be it known that I, WILLIAM WILLHEIM, a citizen of the United States of America, residing at 115 Central Park West, in the city of New York, county of New York, and State of New York, have invented a new, original, and ornamental Design for a Textile Fabric or Similar Article, of which the following is a specification, reference being had to the accompanying drawing, forming a part thereof.

The figure is a plan view of a textile fabric showing one-fourth of the unit of my new

In testimony whereof I have signed this specification.
