**CLAIM**

The ornamental design for a distal portion of hemostatic forceps for endoscope, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of the distal portion of hemostatic forceps for endoscope;
FIG. 2 is a top plan view thereof; the bottom plan view being identical thereto;
FIG. 3 is a front plan view thereof; the rear view being symmetrical thereto;
FIG. 4 is a left side view thereof;
FIG. 5 is a front view with the distal portion of hemostatic forceps slightly opened; the rear view being symmetrical thereto;
FIG. 6 is a left side view with the distal portion of hemostatic forceps slightly opened;
FIG. 7 is a top plan view with the distal portion of hemostatic forceps wide opened; the bottom plan view being identical thereto;
FIG. 8 is a front view with the distal portion of hemostatic forceps wide opened; the rear view being symmetrical thereto; and,
FIG. 9 is a left side view with the distal portion of hemostatic forceps wide opened.

The broken line showing is for illustrative purposes only and forms no part of the claimed design.
