SOFA WITH AN INBUILT TEA TABLE.

(57)

ABSTRACT : The present invention discloses a sofa with an inbuilt tea table, comprising: a sofa base (1), which comprises a base (2) and a backrest (3), wherein a groove (5) is arranged on the backrest (3), and an armrest (4) is arranged at two sides of the base (2); a foldable tea table (6), which is mounted in the groove (5); and a plurality of sofa cushions (9), which is arranged in a space enclosed by the backrest (3), the base (2) and the armrest (4). Through the above arrangement, the sofa with an inbuilt tea table provided by the present invention has a tea table built in the sofa; the tea table is folded when not used, so that the space of the sofa is increased and the sofa may have a larger space for guests to sit. FIG. 1

SOFA WITH AN INBUILT TEA TABLE

BACKGROUND

5

Technical Field

The present invention relates to the field of furniture, and in particular to a sofa with an inbuilt tea table.

10

Related Art

Sofa, as a daily living appliance for people, particularly a piece of common furniture in family lives, generally is used for people to rest. As the change of consumption concept of modern people, consumer groups pay more attention to humanization when choosing products; therefore, modern people pay more and more attention to the matching and integrality of home furnishing. Sofa, serving as a carrier for family members to re-gather in a living room, makes the family members who conduct activities separately due to different interests returned to the living room to conduct unified activities, thereby enhancing the family emotion. However, existing sofas are simple in structure and single in function, and are difficult to meet the pursuits of modern people for home decoration and matching; tea tables matched with sofas generally are used for placing tea sets; however, ordinary tea tables are not very useful, but occupy a great space, such that the available space of a sofa becomes smaller.

25

Summary

The technical problem mainly solved by the present invention is to provide a sofa with an inbuilt tea table.

In order to solve the above technical problem, the present invention adopts a technical scheme as follows: a sofa with an inbuilt tea table comprises: a sofa base, which comprises a base and a backrest, wherein a groove is arranged on the

backrest and an armrest is arranged at two sides of the base;

a foldable tea table, which is mounted in the groove; and a plurality of sofa cushions, which is arranged in a space enclosed by the backrest, the base and the armrest.

5 In a preferred embodiment of the present invention, the foldable tea table is matched with the groove.

In a preferred embodiment of the present invention, a teacup groove and a storage groove are arranged on the upper surface of the foldable tea table.

10 In a preferred embodiment of the present invention, the lower surface of the foldable tea table is matched with the surface of the backrest.

The present invention has benefits as follows: the sofa with an inbuilt tea table provided by the present invention has a tea table built in the sofa; the tea table is folded when not used, so that the space of the sofa is increased and the sofa may have a larger space for guests to sit.

15

Brief Description of Drawings

FIG. 1 is a perspective view of a sofa with an inbuilt tea table according to the present invention.

20 Description of Embodiments

Preferred embodiments of the present invention are described below in detail in conjunction with accompanying drawings, so that the advantages and features of the present invention become more understandable by those skilled in the art; accordingly, the scope of protection of the present invention is more clearly defined.

25 Please refer to FIG. 1, the embodiment of the present invention includes that: a sofa with an inbuilt tea table comprises: a sofa base 1, which comprises a base 2 and a backrest 3, wherein a groove 5 is arranged on the backrest 3 and the groove 5 is used for placing the foldable tea table 6.

30 An armrest 4 is arranged at two sides of the base 2; the armrest 4 is used for supporting the arm of a guest sitting on the edge of the sofa. A foldable tea table 6

is matched with the groove 5; the lower surface of the foldable tea table 6 is matched with the surface of the backrest 3, such that the foldable tea table 6 is completely lined with the backrest 3 when folded. A plurality of sofa cushions 9 is arranged in a space enclosed by the backrest 3, the base 2 and the armrest 4; the
5 sofa cushion 9 increases the comfort of the entire sofa.

The foldable tea table 6 is mounted in the groove 5; a teacup groove 7 and a storage groove 8 are arranged on the upper surface of the foldable tea table 6; the teacup groove 7 is used for placing a tea cup and the storage groove 8 is used for storing sundries.

10 Compared with existing technologies, the sofa with an inbuilt tea table provided by the present invention has a tea table built in the sofa; the tea table is folded when not used, so that the space of the sofa is increased and the sofa may have a larger space for guests to sit.

The above are embodiments of the present invention merely and are not
15 intended to limit the patent scope of the present invention. Any equivalent structures or equivalent process transformation made according to the description and the accompanying drawings of the present invention or applied in other relevant technical fields directly or indirectly are intended to be included in the patent protection scope of the present invention.

Revendications

- 5 1. Canapé avec table à thé incorporée, caractérisé en ce que le canapé comprend une base de canapé (1), qui comprend une base (2) et un dossier (3), une rainure (5) étant réalisée sur le dossier (3)), et un accoudoir (4) qui est agencé sur deux côtés de la base (2) ; une table à thé pliable (6), qui est montée dans la rainure (5) ; et une pluralité de coussins de canapé (9) disposés dans un espace délimité par le dossier (3), la base (2) et l'accoudoir (4).
- 10 2. Canapé avec table à thé incorporée selon la revendication 1, caractérisé en ce que la table à thé pliable (6) est adaptée à la rainure (5).
- 15 3. Canapé avec table à thé incorporée selon la revendication 1, caractérisé en ce que sur la surface supérieure de la table à thé pliable (6) sont prévues une cavité pour tasse à thé (7) et une cavité de stockage (8).
4. Canapé avec table à thé incorporée selon la revendication 1, caractérisé en ce que la surface inférieure de la table à thé pliable (6) est adaptée à la surface du dossier (3).

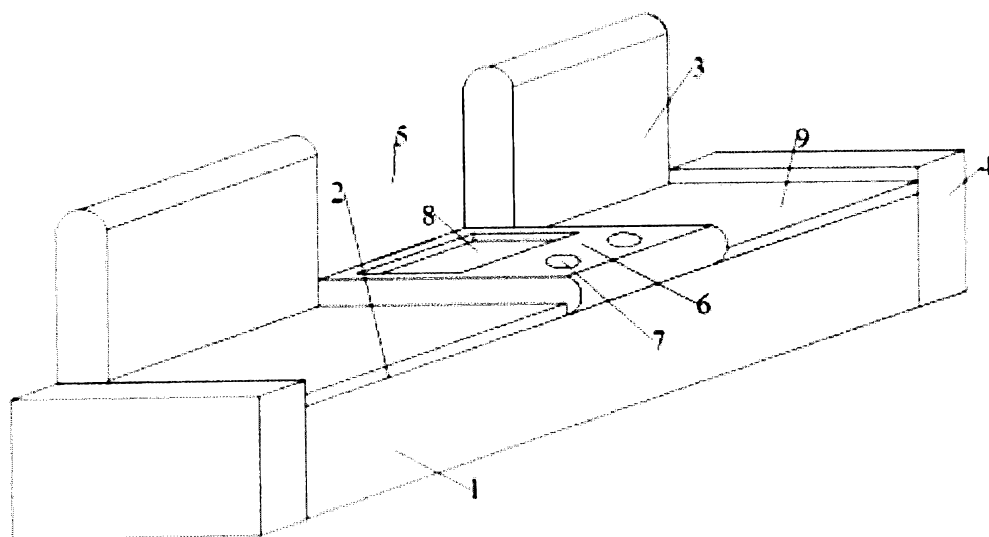

FIG. 1

ABSTRACT**SOFA WITH AN INBUILT TEA TABLE**

5 The present invention discloses a sofa with an inbuilt tea table, comprising: a sofa base (1), which comprises a base (2) and a backrest (3), wherein a groove (5) is arranged on the backrest (3), and an armrest (4) is arranged at two sides of the base (2); a foldable tea table (6), which is mounted in the groove (5); and a plurality of sofa cushions (9), which is arranged in a space enclosed by the backrest (3), the
10 base (2) and the armrest (4). Through the above arrangement, the sofa with an inbuilt tea table provided by the present invention has a tea table built in the sofa; the tea table is folded when not used, so that the space of the sofa is increased and the sofa may have a larger space for guests to sit.
