(54) **Demountable burglar proof compartment**

(57) The invention relates to a device (1) constructed as a detachable burglar proof compartment in a large safe shape, which in a surprising way can be built-up of wall panels (2) with a door panel (4), angular panels (3)

and covering panels (5) on the building site, in which also in a very simple way the mentioned device (1) can be changed into a larger or smaller compartment and the whole construction has a high anti-burglary standard.
