FIG. 1 is a perspective view of a stacking and nesting box showing my new design. The narrow end of the stacking and nesting box opposite that shown in FIG. 1 is a mirror image thereof. The wide end of the stacking and nesting box opposite that shown has outwardly and inwardly extending projections respectively opposite the inwardly and outwardly extending projections on the end shown so that the boxes will nest when like boxes as shown are arranged one on top of the other.

FIG. 2 is a perspective view thereof as seen from the right of FIG. 1.

I claim:

The ornamental design for a stacking and nesting box, as shown and described.
