54 **A device to transfer labels or adhesive tags previously detached from a siliconated base between two handling stations.**

57 **A device to transfer labels (12) or adhesive tags detached from a siliconated base (13) between two handling stations comprising at least one conveyor belt (19a) driven by two pulleys (20a, 21a) rotatably driven by a motor through a driving device (26) is characterized by the fact that the transport surface of said conveyor belt (19a) is provided by suitably spaced apart, transversal projecting portion. The pulley (21a) arranged at the outlet zone has side flanges (22) extending beyond the projecting portions of the belt, to help the separation of the label (12) from said belt (19a).**

CLAIMS INCURRING FEES

The present European patent application comprised at the time of filing more than ten claims.

- All claims fees have been paid within the prescribed time limit. The present European search report has been drawn up for all claims
- Only part of the claims fees have been paid within the prescribed time limit. The present European search report has been drawn up for the first ten claims and for those claims for which claims fees have been paid, namely claims:
- No claims fees have been paid within the prescribed time limit. The present European search report has been drawn up for the first ten claims.

X LACK OF UNITY OF INVENTION

The Search Division considers that the present European patent application does not comply with the requirement of unity of invention and relates to several inventions or groups of inventions.

namely: 1) Claims 1-3: Conveyor belt for transferring labels
2) Claims 1,4-6: Adjustable pressure roller

- All further search fees have been paid within the fixed time limit. The present European search report has been drawn up for all claims.
- Only part of the further search fees have been paid within the fixed time limit. The present European search report has been drawn up for those parts of the European patent application which relate to the inventions in respect of which search fees have been paid, namely claims:
- None of the further search fees has been paid within the fixed time limit. The present European search report has been drawn up for those parts of the European patent application which relate to the invention first mentioned in the claims, namely claims:
