(57) **CLAIM**

The ornamental design for a brush having head with multiple cleaning elements, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of the first embodiment of the brush having head with multiple cleaning elements; FIG. 2 is a side view thereof, the front, back and other side being mirror images; FIG. 3 is a top view thereof; FIG. 4 is an exploded, unassembled view thereof illustrating a brush head assembly, the assembly including a plurality of layers of notched, uncompressed absorbent disks and a coupler used to attach the layers to a handle, the plurality of layers of notched, uncompressed absorbent disks not forming a part of the claimed design; FIG. 5 is a perspective view of the second embodiment of the brush having head with multiple cleaning elements; FIG. 6 is a side view thereof, the front, back and other side being mirror images; FIG. 7 is a top view thereof; and, FIG. 8 is an exploded, unassembled view thereof illustrating brush head assembly for connection to a handle, the assembly including a plurality of layers of notched, uncompressed absorbent disks and a coupler used to attach the layers to a handle, the plurality of layers of notched, uncompressed absorbent disks not forming a part of the claimed design.
