UNITED STATES PATENT OFFICE.

HANS A. SCHNEEKLOTH, OF NEW YORK, N. Y., ASSIGNOR TO SELIG LITTMAN, OF SAME PLACE.

DESIGN FOR A BARBER'S CHAIR.

SPECIFICATION forming part of Design No. 20,344, dated November 18, 1890.
Application filed August 15, 1890. Serial No. 862,118. Term of patent 14 years.

To all whom it may concern:
Be it known that I, HANS AMUS SCHNEEKLOTH, of the city, county, and State of New York, a citizen of the United States, have invented a certain new and original Design for a Barber's Chair, of which the following is a specification.

Reference is had to the annexed photograph, in which a perspective view of a barber's chair, showing my new design, is shown.

The leading feature of my design consists in a leaf ornamentation for the barber's chair.

a represents the legs; b, the top cross-bar; c, a scroll ornament in the space between them; d, the arm-rest, and e the back.

f is a curved bar having an offset at the middle, which curved bar extends from the bottom of one leg to the bottom of an adjacent leg.

20 g are two cross-bars in the space between the bars b and f, the lower ends of said cross-bars terminating in a scroll and leaf ornament.

m n are medallion ornaments on the upper parts of the legs.

Having thus described my design, I claim as new and desire to secure by Letters Patent—

The design for a barber's chair, the same consisting of the legs a, the horizontal bars b, 30 the bottom curved bars f, the crossed bars g, the leaf ornaments h at the lower ends of the cross-bars, and the scroll and leaf ornaments m at the upper ends of the cross-bars, substantially as herein shown and described.

In testimony that I claim the foregoing as my invention I have signed my name in presence of two subscribing witnesses.

HANS A. SCHNEEKLOTH.

Witnesses:

MARTIN PETRY,
W. REIMHERR.
