Claim

The ornamental design for a light fixture lens with elevated strip features, as shown and described.

Description

FIG. 1 is a perspective view of the first embodiment which includes facet lines on both elevated strip features.

FIG. 2 is a side elevation view of the first embodiment; and, FIG. 3 is a perspective view of the second embodiment with alternate facet features on the strip features.

The broken lines shown in FIG. 1, FIG. 2 and FIG. 3 depict environmental subject matter only, and form no part of the claimed design.
