UNITED STATES PATENT OFFICE.

SYDNEY JOHN COOPER, OF EALING, ENGLAND.

DESIGN FOR A GOLF-BALL.

SPECIFICATION forming part of Design No. 34,557, dated May 21, 1901.
Application filed April 30, 1901. Serial No. 58,324. Term of patent 7 years.

To all whom it may concern:

Be it known that I, SYDNEY JOHN COOPER, a subject of the King of Great Britain, and a resident of Ealing, in the county of Middlesex, England, have invented and produced a new and original Design for Golf-Balls, of which the following is a specification, reference being had to the accompanying drawing, forming part thereof.

The figure in the accompanying drawing represents an elevation of a golf-ball embodying my design.

The leading feature of my design comprises a spherical golf-ball in which the central zone of its outer surface is studded with dots and the polar zones are marked with small squares.

In the drawing the zone A is ornamented with dots, and the polar zones B B are ornamented with squares.

Having described my invention, what I now claim as new, and desire to secure by Letters Patent of the United States, is—
The design for a golf-ball, substantially as shown and described.

In testimony whereof I have signed my name to this specification in the presence of two subscribing witnesses.

SYDNEY JOHN COOPER.

Witnesses:
A. NUTTING,
H. D. JAMESON.
