(54) Title: SYSTEMS AND METHODS FOR FACILITATING PLAYBACK OF MEDIA

(57) Abstract: A system facilitates the browsing of information of interest. The system obtains a transcription of the information (720) and provides the transcription to a user. The system also retrieves the information in its original format and presents the information to the user in the original format. The system visually synchronizes the presentation of the information in the original format with the transcription of the information (Figure 8).
