A. Goertz, Inventor
By his Attorney Oscar F. Lynn.
To all whom it may concern:

Be it known that I, AUGUST GOERTZ, a citizen of the United States, and a resident of Newark, in the county of Essex and State of New Jersey, have invented a new and original Design for Purse-Frames, of which the following is a specification.

In the accompanying drawing, forming a part of this specification, a perspective view of a purse-frame embodying my new design is shown.

The leading features of my design are a central rope ornamentation on the center of the top piece and a gradually-tapering bead ornamentation at each end of the rope ornamentation and longitudinally on the top piece.

In the drawing, A is the purse-frame, of the conventional U shape; B, the top piece; D, the rope ornament, and E the tapering bead ornament on the top of the top piece.

Having described my invention, what I claim as new, and desire to secure by Letters Patent, is:

A design for purse-frames, substantially as herein shown and described.

In testimony that I claim the foregoing as my invention I have signed my name, in presence of two witnesses, this 30th day of April, 1896.

AUGUST GOERTZ.

Witnesses:

N. M. FLANNERY,
OSCAR F. GUNZ.
