(57) **CLAIM**

What is claimed is the ornamental design for a display panel of a computer system with a computer-generated graphical user interface, as shown and described.

DESCRIPTION

The single FIGURE is a front view of a display panel of a computer system with a computer-generated graphical user interface showing my new design.

The broken-lines showing the remainder of the computer-generated graphical user interface and the display panel of the computer system form no part of the design claimed.
