FIGURE 1 is a perspective view of a bottle embodying my new design;
FIGURE 2 is a top plan view thereof;
FIGURE 3 is an elevational view of one side thereof, the opposite side being a mirror image thereof; and
FIGURE 4 is an elevational view of a side of the bottle adjacent the side shown in FIG. 3, the opposite side being a mirror image thereof.

The dominant features of my design reside in the portions shown in full lines.

I claim:
The ornamental design for a bottle, substantially as shown and described.
