CLAIM

The ornamental design for a display screen or portion thereof with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with animated graphical user interface showing a first image in the sequence showing our new design;

FIG. 2 is a second image thereof; and,

FIG. 3 is a third image thereof.

The broken lines in the Figures show portions of a display screen or portion thereof with animated graphical user interface and portions of the display screen or portion thereof which form no part of the claimed design.

The appearance of the animated images sequentially transition between the images shown in FIGS. 1-3. The process or period in which one image transitions to another forms no part of the claimed design.
