UNITED STATES PATENT OFFICE.

ISAAC E. PALMER, OF MIDDLETOWN, CONNECTICUT.

DESIGN FOR A PILLOW.

SPECIFICATION forming part of Design No. 33,842, dated January 1, 1901.

Application filed December 8, 1900. Serial No. 39,230. Term of patent 14 years.

To all whom it may concern:

Be it known that I, ISAAC E. PALMER, a citizen of the United States, and a resident of Middletown, in the county of Middlesex and State of Connecticut, have invented and produced a new and original Design for a Pillow, of which the following is a specification.

The essential feature of my invention consists in a design for pillows in which the pillow presents an oblong rectangular form when viewed in front or face elevation and a tapered or wedge-shaped form when viewed in end elevation.

In the accompanying drawings, Figure 1 represents a view of the pillow in front or face elevation, and Fig. 2 represents a view of the same in end elevation.

A represents the oblong rectangular front or face of the pillow, and B the tapered or wedge-shaped ends. The wide portion of each end of the pillow is provided with a pompon C.

What I claim is—

The design for a pillow, substantially as herein shown and described.

In testimony that I claim the foregoing as my invention I have signed my name, in presence of two witnesses, this 31st day of October, 1900.

ISAAC E. PALMER.

Witnesses:

CHAS. M. SAUER,
PAUL S. CARRIER.
