THE NOLES PETER CO., PHOTOGRAPH, WASHINGTON, D.C.
UNITED STATES PATENT OFFICE.

JOHN W. STEWART, OF RICHMOND, VIRGINIA.

DESIGN FOR A BADGE.

SPECIFICATION forming part of Design No. 35,018, dated September 3, 1901.

Application filed August 5, 1901. Serial No. 70,968. Term of patent 30 years.

To all whom it may concern:

Be it known that I, JOHN W. STEWART, a citizen of the United States, residing at Richmond, in the county of Henrico and State of Virginia, have invented and produced a new and original Design for a Badge, of which the following is a specification.

The design consists in the shape and configuration of the badge illustrated in the accompanying drawings, in which—

Figure 1 is a face view of the badge; and Fig. 2 is a side elevation of the same, partly in section, the section being taken approximately on the line 2-2 of Fig. 1.

As shown in the drawings, the face of the badge is provided with a circular milled rim a. Within and concentric with said rim appears a dotted or bead-like ring b, and on the field inclosed by said ring appear in relief the representation of two lions c rampant and 20 also two bars d, extending in an oblique direction below and parallel with the feet of one of said lions.

I claim—

The design for a badge herein shown and described.

In testimony whereof I affix my signature in the presence of two witnesses,

JOHN W. STEWART.

Witnesses:
