THE HENRY PETTER CO., PRINTED IN THE UNITED STATES OF AMERICA.
UNITED STATES PATENT OFFICE.

ALFRED R. HYATT, OF BALTIMORE, MARYLAND, ASSIGNOR TO BALTIMORE BADGE & NOVELTY CO., OF SAME PLACE.

DESIGN FOR A PIN.

SPECIFICATION forming part of Design No. 35,134, dated October 1, 1901.

Application filed August 20, 1901. Serial No. 72,405. Term of patent 7 years.

To all whom it may concern:

Be it known that I, ALFRED R. HYATT, a citizen of the United States, residing at Balti-
more city, in the State of Maryland, have in-
vented and produced a new and original Des-
ign for a Pin, of which the following is a
specification.

This invention relates to a certain new and
original design for pins.

In describing the invention in detail refer-
ence is had to the accompanying drawing,
which illustrates a perspective view of my
new and novel design for pins.

As shown in the accompanying drawing,
the design consists of a segmental-shaped
base A, having a portion of its length cor-
rugated, as at B, this corrugated part B extend-
ing outwardly and upwardly at an inclina-
tion. One end of the base A terminates in a
vertically-extending pin C, which extends 20
over the corrugated portion B and projects
beyond the base.

Having thus described my invention, what
I claim as new, and desire to secure by Letters
Patent, is—

The design for a pin as herein shown and
described.

In testimony whereof I have hereunto set
my hand in presence of two subscribing wit-
nesses.

ALFRED R. HYATT.
