(54) Title: CAPSULE CLUSTERS FOR ORAL CONSUMPTION

FIG. 1

(57) Abstract: Provided are oral products (10, 20, 70) that provide engaging and flavorful experiences to a user. The oral product includes a plurality of capsules (12), a powdered component (14), a viscous component (16) and a binder (13) that create a matrix (50) that is molded into a shape. In a preferred embodiment, the capsules (12) provide functional and flavorful ingredients. In an embodiment, the matrix (50) is enclosed in a porous material (35) that forms a pouch (30).

* Special categories of cited documents:

- *A* document defining the general state of the art which is not considered to be of particular relevance
- *E* earlier document but published on or after the international filing date
- *L* document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)
- *O* document referring to an oral disclosure, use, exhibition or other means
- *P* document published prior to the international filing date but later than the priority date claimed

- *T* later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention
- *X* document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone
- *Y* document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art.
