(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

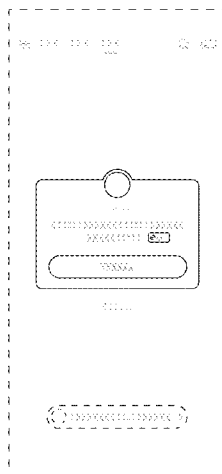

DESCRIPTION

4. Display screen or portion thereof with graphical user interface

4 : Front

Reproduction 4 illustrates a front view of a graphical user interface for a display screen or portion thereof showing our claimed design; the outermost perimeter shown in broken

(Continued)

lines in the figure illustrates a display screen or portion thereof and forms no part of the claimed design. The remaining broken lines in this figure illustrate portions of the graphical user interface that form no part of the claimed design.
