(57) **CLAIM**

The ornamental design for an electronic memory card, as shown.

DESCRIPTION

One embodiment of the electronic memory card herein is also shown in provisional application Ser. No. 60/155,982, filed Sep. 24, 1999, which provisional application is incorporated herein by this reference.

FIG. 1 is an isometric view of an electronic memory card that incorporates a first embodiment of the new design, showing the card's top, front side and right side;

FIG. 2 is a top plan view of the electronic memory card first embodiment;

FIG. 3 is a right side elevational view of the electronic memory card first embodiment;

FIG. 4 is a front side elevational view of the electronic memory card first embodiment;

FIG. 5 is a bottom plan view of the electronic memory card first embodiment;

FIG. 6 is a left side elevational view of the electronic memory card first embodiment;

FIG. 7 is a rear side elevational view of the electronic memory card first embodiment;

FIG. 8 is an isometric view of an electronic memory card that incorporates a second embodiment of the new design, showing the card's top, front side and right side;

FIG. 9 is a top plan view of the electronic memory card second embodiment;

FIG. 10 is a right side elevational view of the electronic memory card second embodiment;

FIG. 11 is a front side elevational view of the electronic memory card second embodiment;

FIG. 12 is a bottom plan view of the electronic memory card second embodiment;

FIG. 13 is a left side elevational view of the electronic memory card second embodiment; and,

FIG. 14 is a rear side elevational view of the electronic memory card second embodiment.
