(54) Title: BOX AND MATCH PACKAGE

(57) Abstract: A box and match package wherein a container 1 having front 2, back 3, end 6, 7 and side 4, 5 walls is provided with a plurality of matches 3a that are integral and co-planar with the container 1. In one form, perforations 3b are provided between the matches 3a and the back wall 3 so that the matches 3a can be individually torn from the back wall 3. A match-striking surface 7b is provided on an end wall 7. The front wall 2 may include a window portion 2a, and the back wall 3 may include a foldable panel 3f for covering the matches 3a.

# INTERNATIONAL SEARCH REPORT

International application No.

PCT/US05/30949

## A. CLASSIFICATION OF SUBJECT MATTER

IPC: **A24F 15/00**( 2006.01)  
A24F 27/00( 2006.01)

USPC: 206/86,96

According to International Patent Classification (IPC) or to both national classification and IPC

## B. FIELDS SEARCHED

Minimum documentation searched (classification system followed by classification symbols)  
U.S. : 206/86,96

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched

Electronic data base consulted during the international search (name of data base and, where practicable, search terms used)

## C. DOCUMENTS CONSIDERED TO BE RELEVANT

|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| * Special categories of cited documents:                                                                                                                                |                                                                                                                                                                                                                                                  |
| "A" document defining the general state of the art which is not considered to be of particular relevance                                                                | "T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention                                              |
| "E" earlier application or patent published on or after the international filing date                                                                                   | "X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone                                                                     |
| "L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified) | "Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art |
| "O" document referring to an oral disclosure, use, exhibition or other means                                                                                            | "&" document member of the same patent family                                                                                                                                                                                                    |
| "P" document published prior to the international filing date but later than the priority date claimed                                                                  |                                                                                                                                                                                                                                                  |
