(54) Title: FINANCIAL INFORMATION MANAGEMENT SYSTEM AND USER INTERFACE

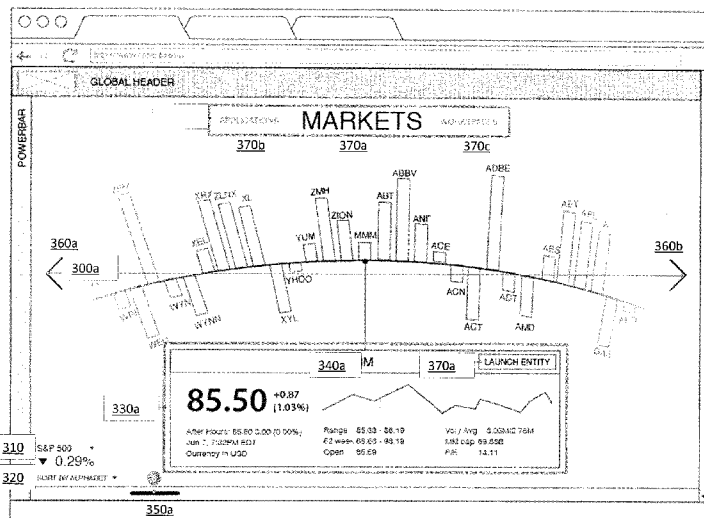

FIG. 3a

(57) Abstract: A computer-implemented method to generate a horizon view of a plurality of financial information objects is disclosed. The method includes the step of arranging, on a computer, the plurality of interactive financial information objects along a horizon carousel, wherein the financial information objects comprise at least one or more of market data, portfolio data, applications, and workspaces. The method further includes the step of displaying, on a display device of the computer, the horizon carousel and the financial information objects along a horizontal plane. The method further includes the step of generating, on the computer, an inspector window, wherein the inspector window displays, on the display device of the computer, additional information about an active interactive financial information object.

C. DOCUMENTS CONSIDERED TO BE RELEVANT

Category*	Citation of document, with indication, where appropriate, of the relevant passages	Relevant to claim No.
X - Y	US 2009/0210377 A1 (Gruen et al.) 20 August 2009 (20.08.2009), entire document especially Fig. 2, 6, 12; para [0021], [0039]-[0059]	2 ----- 1, 3
Y	US 2011/0202866 A1 (Huang et al.) 18 August 2011 (18.08.2011), entire document especially Fig. 3, 4, 11, 13, 17; para [0023], [0031]-[0049]	1, 3

Further documents are listed in the continuation of Box C.

* Special categories of cited documents:
 "A" document defining the general state of the art which is not considered to be of particular relevance
 "E" earlier application or patent but published on or after the international filing date
 "L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)
 "O" document referring to an oral disclosure, use, exhibition or other means
 "P" document published prior to the international filing date but later than the priority date claimed
 "T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention
 "X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone
 "Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art
 "&" document member of the same patent family
