## [57] CLAIM

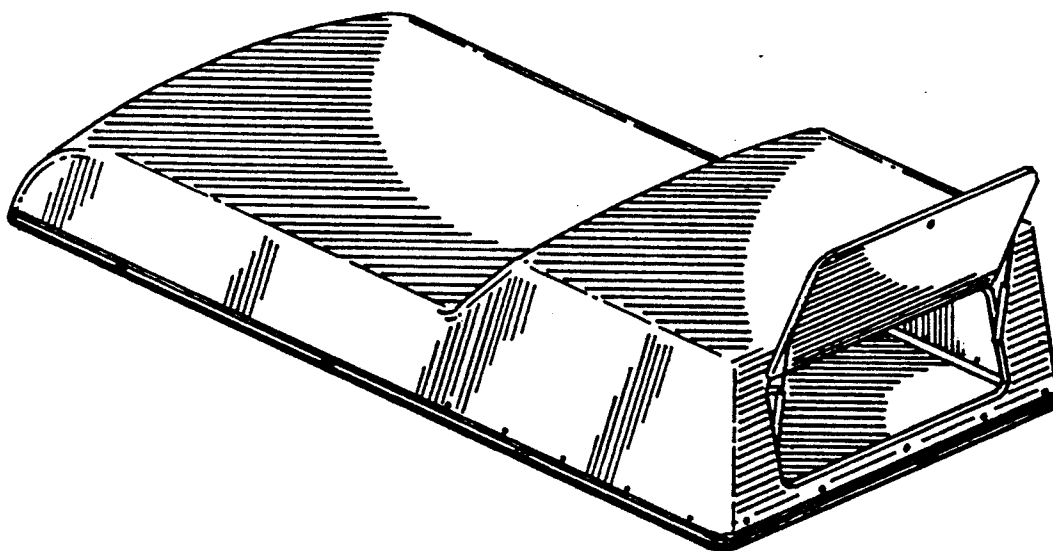

The ornamental design for a combined vehicle roof and storage compartment, as shown and described.

## DESCRIPTION

FIG. 1 is a side elevation view of a combined vehicle roof and storage compartment showing my new design with the access compartment door in open condition and in position of use on a vehicle which is shown in broken lines for illustrative purposes only and forms no part of the claimed design;

FIG. 2 is an enlarged front elevational view thereof; FIG. 3 is an enlarged rear elevation view thereof with the access compartment door in closed position; FIG. 4 is a perspective view of the bottom, front and one side thereof; and, FIG. 5 is a perspective view of the top, rear and opposite side thereof.

The characteristic feature of the design resides in the interior storage compartment in the vehicle roof having an interior access door in the vertical interior wall thereof and an exterior access door in the rear wall of the roof as best illustrated in FIGS. 4 and 5 of the drawing.
