(57) **CLAIM**

We claim the ornamental design for our personal quantized pain medication dispenser, as shown and described.

DESCRIPTION

This invention and concomitant application is related to non-provisional utility application Ser. No. 11/524,152 filed by the same inventors on Sept. 20, 2006 then entitled personal medication dispensing system.

FIG. 1 is an isometric view of personal quantized pain medication dispenser of this invention where in front and rear views are identical.

FIG. 2 is a front elevation view thereof;

FIG. 3 is a side elevation view thereof;

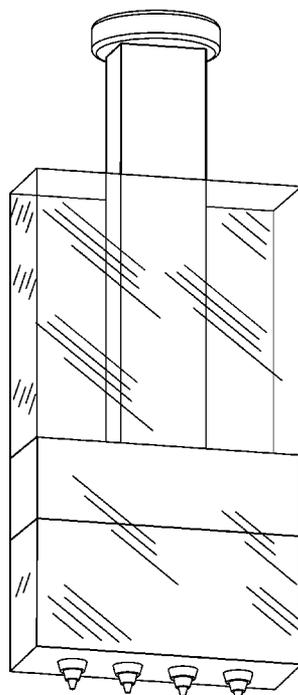

FIG. 4 is an enlarged top plan view thereof; and,

FIG. 5 is an enlarged bottom plan view thereof.

Left and right side views are symmetrical and identical as mirror images of each other and hence the inventors have elected to show only one side view.

This invention is also known by its trademark name of Araam™.
