(54) Title: APPARATUS AND METHOD FOR MINIMALLY INVASIVE SURGERY

FIG. 6

(57) Abstract: A single body port or body  
flange access device and method for performing  
laparoscopic surgery are disclosed. The device  
comprises a plurality of crisscrossing conduits  
through which surgical instruments may be  
inserted. The instruments are manipulated so that  
triangulation is obtained using one patient body  
flange while standard surgical procedures are  
performed on the patient.

**INTERNATIONAL SEARCH REPORT**

International application No.  
PCT/US07/09387

**A CLASSIFICATION OF SUBJECT MATTER**  
 IPC' **A61 F 11/00**( 2006.0 1)  
  
 USPC' 606/108  
 According to International Patent Classification (IPC) or to both national classification and IPC

**B FIELDS SEARCHED**  
 Minimum documentation searched (classification system followed by classification symbols)  
 U.S : 606/108  
  
 Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched  
  
 Electronic data base consulted during the international search (name of data base and, where practicable, search terms used)

**C DOCUMENTS CONSIDERED TO BE RELEVANT**

Category •	Citation of document, with indication, where appropriate, of the relevant passages	Relevant to claim No.
X	US 2005/0137609 A1 (Guiraudon) 23 June 2005 (23.06.2005), entire document	1-20

Further documents are listed in the continuation of Box C.       See patent family annex.

"	Special categories of cued documents	"T"	later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention
"A"	document defining the general state of the art which is not considered to be of particular relevance	"X"	document of particular relevance, the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone
"E"	earlier application or patent published on or after the international filing date	"Y"	document of particular relevance, the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art
"L"	document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)	"&"	document member of the same patent family
"O"	document referring to an oral disclosure, use, exhibition or other means		
"P"	document published prior to the international filing date but later than the priority date claimed		

Date of the actual completion of the international search 07 July 2008 (07.07 2008)	Date of mailing of the international search report 20 JUL 2008
