DESCRIPTION

FIG. 1 is a front view of a first embodiment of a display screen or portion thereof with graphical user interface for presentation of weight loss data;

FIG. 2 is a front view of a second embodiment of a display screen or portion thereof with graphical user interface for presentation of weight loss data;

FIG. 3 is a front view of a third embodiment of a display screen or portion thereof with graphical user interface for presentation of weight loss data;

FIG. 4 is a front view of a fourth embodiment of a display screen or portion thereof with graphical user interface for presentation of weight loss data;

FIG. 5 is a front view of a fifth embodiment of a display screen or portion thereof with graphical user interface for presentation of weight loss data; and,

FIG. 6 is a front view of a sixth embodiment of a display screen or portion thereof with graphical user interface for presentation of weight loss data.

The broken lines showing the display screen or portion thereof with graphical user interface and alternative broken line subject matter that includes alphanumeric characters or symbols are included for the purposes of illustrating environmental structure and form no part of the claimed design.
