DESCRIPTION

FIG. 1 is a top and rear perspective view showing the present new design of a contour clipper;

FIG. 2 is a top view thereof;

FIG. 3 is a bottom view thereof;

FIG. 4 is a bottom view similar to the FIG. 3 view, except this view is shown without the blade;

FIG. 5 is a front elevational view of FIG. 3;

FIG. 6 is a front elevational view of FIG. 4;

FIG. 7 is a rear elevational view of FIG. 5;

FIG. 8 is a right side elevational view thereof; and,

FIG. 9 is a left side elevational view thereof.

The broken parting lines, switch bed outlines and circles which define the bounds of the claim on the outer surface of the clipper form no part thereof; the broken lines showing the blade assembly, mounting structures and switch are for illustrative purposes only and likewise form no part of the claimed design.
