(57) **CLAIM**

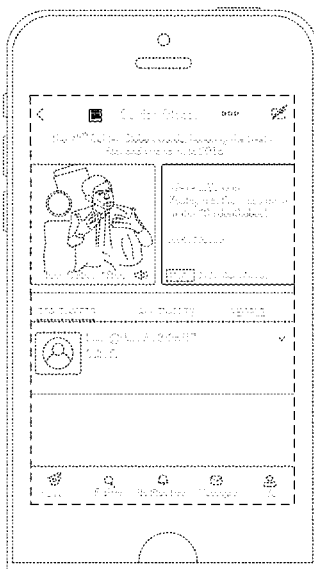

The ornamental design for a display screen with graphical user interface for live events in a social media application, as shown and described herein.

DESCRIPTION

FIG. 1 is a front view of a display screen with graphical user interface for live events in a social media application, showing a first embodiment of the new design; and, FIG. 2 is a second embodiment thereof.

The rectangular broken line in the drawings represents a display screen that form no part of the claimed design. The broken lines outside the display screen show an electronic device and form no part of the claimed design. All other broken lines inside the display screen show portions of the graphical user interface and form no part of the claimed design.

1 Claim, 2 Drawing Sheets
