CLAIM

The ornamental design for a handle for screwdrivers, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a handle for screwdrivers, showing my new design;
FIG. 2 is a top plan view thereof;
FIG. 3 is a front elevational view thereof, the rear view appearing the same;
FIG. 4 is a side view thereof, both side views appearing the same; and,
FIG. 5 is a bottom plan view thereof.

The surface shading extending over a part of the handle represents a roughened surface.
