(57) **CLAIM**  
The ornamental design for a display screen with animated graphical user interface as shown and described.

**DESCRIPTION**  
FIG. 1 is the first image in a sequence for a display screen with animated graphical user interface showing our new design; FIG. 2 is the second image thereof; and, FIG. 3 is the third image thereof. The appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions to another forms no part of the claimed design. The outermost even-length broken lines illustrate the display screen and form no part of the claimed design. The remaining even-length broken lines illustrate portions of the graphical user interface and form no part of the claimed design.
