(57) **CLAIM**

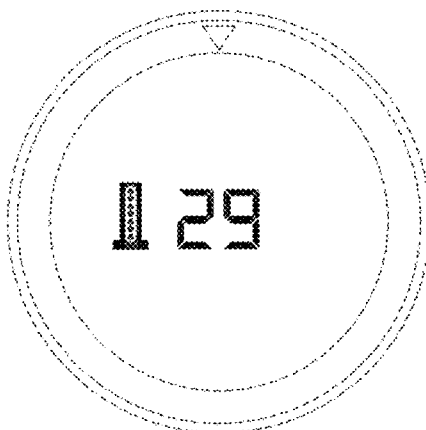

The ornamental design for a portion of a display screen for a pill dispenser, as shown and described.

DESCRIPTION

The FIGURE shows a front view of a portion of a display screen for a pill dispenser.

The portion of a display screen for a pill dispenser, as shown and described herein, is shown in context with a bezel surrounding the display screen. The bezel and the non-displaying portion of the display screen are excluded from, and are shown only to provide context for, the claimed subject matter. The claimed portion of the display screen may be incorporated into an environment having other elements displayed on, depicted by, or incorporated into the display screen.
