CLAIM

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document contains material which is subject to copyright protection. The copyright owner has no objection to its facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but otherwise reserves all copyright rights whatsoever. The following notice applies to the user interfaces and software as described below and in the drawings that form a part of this document: Copyright 2014 Billing 911, Inc. All Rights Reserved.

FIG. 1 is a front view of a display screen with graphical user interface showing our new design on a device; and,

FIG. 2 is a front view of a display screen with graphical user interface showing our new design.

The broken line showings of the device in FIG. 1, the display screen in both Figs. and portions of the graphical user interface in both Figs. are for the purpose of illustrating environmental structure and portions of the article and form no part of the claimed design.
