(54) Title: LIGHTING SYSTEM FOR REFRIGERATORS

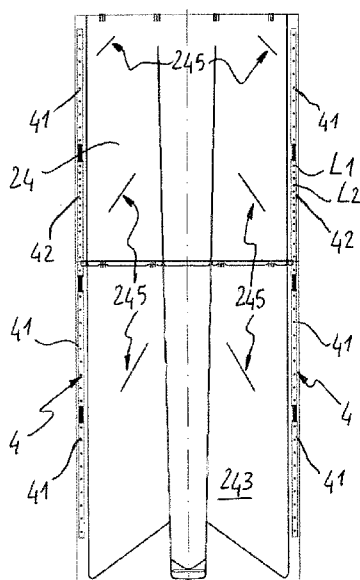

Fig. 4

(57) Abstract: The present invention describes a refrigerator (1), in particular of the no-frost type, comprising a refrigerator compartment (12) or a refrigerator compartment (12) and a freezer compartment (13) into its cabinet (11) for storing food, a lighting system (4) of at least said refrigerator compartment (12) and an evaporator unit (2; 21, 22, 23, 24, 25) in turn comprising an evaporator (22) suitable for cooling the air and a fan (21) for moving the air within said refrigerator compartment (12) and/or freezer compartment (13). The lighting system (4) consists of one or more LED (L1, L2) light bars (4), each one placed substantially in the proximity of the jointing zone between the sides (113) of said refrigerator compartment (12) and the back wall (112) thereof and extending substantially by the entire height of said refrigerator compartment (12).

* Special categories of cited documents :

"A" document defining the general state of the art which is not considered to be of particular relevance
"E" earlier document but published on or after the international filing date
"L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)
"O" document referring to an oral disclosure, use, exhibition or other means
"P" document published prior to the international filing date but later than the priority date claimed

"T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention
"X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone
"Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art.
