(57) **CLAIM**

The ornamental design for a label holder with integral mounting, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a preferred embodiment of label holder with integral mounting according to the invention, wherein the label holder has a length which is a large multiple of its height (e.g., up to around 34 to 1) and is therefore shown in an interrupted length; and, FIG. 2 is a back perspective view thereof.
