(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image of a first embodiment of a display screen with animated graphical user interface showing my new design;

FIG. 2 is a front view of a second image thereof;

FIG. 3 is a front view of a first image of a second embodiment of a display screen with animated graphical user interface showing my new design; and,

FIG. 4 is a front view of a second image thereof.

In the first embodiment, the appearance of the transitional image sequentially transitions between the images shown in FIGS. 1 and 2. In the second embodiment, the appearance of the transitional image sequentially transitions between the images shown in FIGS. 3 and 4. The process or period in which one image transitions to another image forms no part of the claimed design.

The broken line showing of the display screen and remainder of the graphical user interface forms no part of the claimed design.
