UNITED STATES PATENT OFFICE.

FRANK L. WRIGHT, OF CHICAGO, ILLINOIS, ASSIGNOR TO THE LUXFER
PRISM PATENTS COMPANY, OF SAME PLACE.

DESIGN FOR A PRISM-PLATE.

SPECIFICATION forming part of Design No. 27,991, dated December 7, 1897.

Application filed October 2, 1897. Serial No. 653,865. Term of patent 14 years.

To all whom it may concern:

Be it known that I, FRANK L. WRIGHT, a citizen of the United States, residing at Chicago, in the county of Cook and State of Illinois, have invented a certain new and original Design for Prism-Plates, of which the following is a specification.

My invention relates to designs for prism-plates, and is illustrated in the accompanying drawings, wherein—

Figure 1 is a view of the prism-plate embodying my design. Fig. 2 is a section there-through on line 2.

A is a prism-plate having the upper por-

tions B B surrounded by curved lines C C. 15
On one side of the prism-plate are prisms D.

The essential features of my design may be found in a prism-plate consisting of a substantially flat body with prisms on one side and the two parts B B bounded by curved 20 lines.

I claim—

A design for a prism-plate substantially as shown and described.
