(54) Title: METHOD, COMPUTER PROGRAM PRODUCT, AND APPARATUS FOR ENABLING TASK AGGREGATION IN AN ENTERPRISE ENVIRONMENT

**FIG. 1.**

(57) Abstract: A method for enabling access task aggregation in an enterprise environment may include receiving indications of a plurality of task related events including at least a first task related event received from a first enterprise application and a second task related event received from a second enterprise application that is different from the first enterprise application, aggregating task related events associated with a particular individual into aggregated information, providing for a display of the aggregated information including indications regarding the task related events associated with the particular individual at a client device associated with the particular individual, enabling receipt of data defining an action taken via the client device in which the action taken defines a response of the particular individual to the aggregated information, and providing information related to the action taken to a corresponding one of the first and second enterprise applications based on to which one of the task related events the action taken corresponds.

(84) Designated States (*unless otherwise indicated, for every kind of regional protection available*): ARIPO (BW, GH, GM, KE, LS, MW, MZ, NA, SD, SL, SZ, TZ, UG, ZM, ZW), Eurasian (AM, AZ, BY, KG, KZ, MD, RU, TJ, TM), European (AT, BE, BG, CH, CY, CZ, DE, DK, EE, ES, FI, FR, GB, GR, HR, HU, IE, IS, IT, LT, LU, LV, MC, MK, MT, NL, NO, PL, PT, RO, SE, SI, SK, SM, TR), OAPI (BF, BJ, CF, CG, CI, CM, GA, GN, GQ, GW, ML, MR, NE, SN, TD, TG).

* Special categories of cited documents:

"A" document defining the general state of the art which is not considered to be of particular relevance

"E" earlier application or patent but published on or after the international filing date

"L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of citation or other special reason (as specified)

"O" document referring to an oral disclosure, use, exhibition or other means

"P" document published prior to the international filing date but later than the priority date claimed

"T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention

"X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone

"Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art

"&" document member of the same patent family
