(57) **CLAIM**

The ornamental design for an extended vehicular armrest, as shown and described.

DESCRIPTION

FIG. 1 depicts first isometric view of the extended vehicular armrest of the present invention from above.

FIG. 2 depicts second isometric view of the extended vehicular armrest of the present invention from above.

FIG. 3 depicts a side isometric view of the extended vehicular armrest of the present invention.

FIG. 4 depicts yet another isometric view of the extended vehicular armrest of the present invention from above and along a side.

FIG. 5 depicts the top view of the extended vehicular armrest of the present invention.

FIG. 6 depicts the bottom view of the extended vehicular armrest of the present invention.

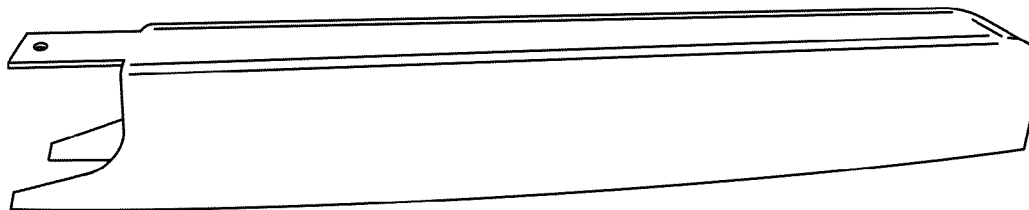

FIG. 7 depicts the right side view of the extended vehicular armrest of the present invention.

FIG. 8 depicts the left side view of the extended vehicular armrest of the present invention.

FIG. 9 depicts the rear view of the extended vehicular armrest of the present invention; and,

FIG. 10 depicts the front view of the extended vehicular armrest of the present invention.
