(57) **CLAIM**

The ornamental design for a toolbox for screwdriver tips, as shown and described.

DESCRIPTION

FIG. 1 is a top view of a toolbox for screwdriver tips showing my new design, with left structure showing the outside part, and right structure showing the inside part, shown separately to show aspects of the design that are not visible when combined;

FIG. 2 is a bottom view thereof;

FIG. 3 is a front view thereof;

FIG. 4 is a rear view of the toolbox for screwdriver tips shown in an alternate configuration with the left structure showing the outer part, and the right structure showing the inner part, shown separately to show aspects of the design that are not visible when combined;

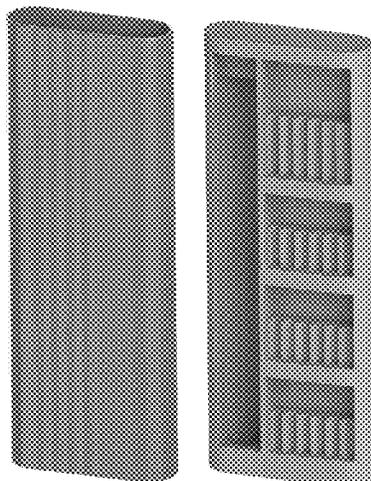

FIG. 5 is a left side elevational view of the toolbox for screwdriver tips shown in an alternate configuration with the left structure showing the outer part, and the right structure showing the inner part, shown separately to show aspects of the design that are not visible when combined;

FIG. 6 is a right side elevational view of the toolbox for screwdriver tips shown in an alternate configuration with the left structure showing the outer part, and the right structure showing the inner part, shown separately to show aspects of the design that are not visible when combined; and,

FIG. 7 is a perspective view of the toolbox for screwdriver tips shown in an alternate configuration with the left structure showing the outer part, and the right structure showing the inner part, shown separately to show aspects of the design that are not visible when combined.

The areas within the dash-dash lines in FIGS. 1 and 2 depict portions of the toolbox for screwdriver tips that form no part of the claimed design.

1 Claim, 6 Drawing Sheets
