(54) Title: DATASHEET FOR IDENTITY BOOKLET

Figure 1

(57) Abstract: The present invention relates to a datasheet (100) of an identity booklet (200), comprising a data page (102) having two layers of polycarbonate core (104a, 104b) with pre-printed background; and two layers of polycarbonate overlay (101a, 101b) which carries identification information of the booklet owner, each being laminated onto an outer surface of each of the layers of polycarbonate core (104a, 104b); and an attachment layer (105) made of polyurethane-reinforced polyester sandwiched between the two layers of polycarbonate core (104a, 104b) of the data page (102), which is extending beyond an outer edge (110) of the data page (102) to form a flap (103); wherein the flap (103) is secured to the identity booklet (200) along the outer edge (110) of the data page (102).

C. DOCUMENTS CONSIDERED TO BE RELEVANT

Category*	Citation of document, with indication, where appropriate, of the relevant passages	Relevant to claim No.
	Documents are listed in the continuation of Box C	

Further documents are listed in the continuation of Box C

See patent family annex

* "A"	Special categories of cited documents: document defining the general state of the art which is not considered to be of particular relevance	"T"	later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention
"E"	earlier application or patent but published on or after the international filing date	"X"	document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone
"L"	document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)	"Y"	document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art
"O"	document referring to an oral disclosure, use, exhibition or other means	"&"	document member of the same patent family
"P"	document published prior to the international filing date but later than the priority date claimed
