(57) **CLAIM**

The ornamental design for a computing device display screen with a computer-generated graphical user map interface and a feature bar, as shown and described.

**DESCRIPTION**

The FIGURE is a front view of a computing device display screen with a computer-generated graphical user map interface and a feature bar.

The broken lines shown in the drawings are for the purpose of illustrating a display screen of a computing device, text, and other images, and form no part of the claimed design.
