(54) Title: INTEGRATED SCREENING AND CONFIRMATION DEVICE

Front View

(57) Abstract: The present invention provides a fluid collection and drug testing device that includes a fluid collector (20), to collect a fluid sample, and a housing (30) to test and retain the fluid sample. The housing includes a collection chamber (40), having an open end to receive the fluid collector, at least one membrane test strip (51), in fluid communication with the collection chamber, to indicate the presence or absence of at least one test drug, and an immunoassay-based fingerprint acquisition pad (60), in fluid communication with the collection chamber, to positively identify the test subject and associate the test subject with the fluid sample.

☐ Further documents are listed in the continuation of Box C.

☐ See patent family annex.

* Special categories of cited documents:

"A" document defining the general state of the art which is not considered to be of particular relevance	"T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention
"E" earlier application or patent published on or after the international filing date	"X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone
"L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)	"Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art
"O" document referring to an oral disclosure, use, exhibition or other means	"&" document member of the same patent family
"P" document published prior to the international filing date but later than the priority date claimed
