# UNITED STATES PATENT OFFICE

166,268

## COMBINED LIQUEFIER JAR AND BEATER ELEMENT

Jack Morgan, Chicago, Ill., assignor to Dormeyer Corporation, Chicago, Ill., a corporation of Illinois

Application April 5, 1951, Serial No. 14,718

Term of patent 14 years

(Cl. D89--1)

*To all whom it may concern:*

Be it known that I, Jack Morgan, whose full and correct name is Jack Morgan, a citizen of the United States, residing at 1551 North Dearborn Street, in the city of Chicago, county of Cook and State of Illinois, have invented a new, original, and ornamental Design for a Combined Liquefier Jar and Beater Element, of which the following is a specification, reference being had to the accompanying drawings, forming a part thereof.

Fig. 1 is a side elevational view of one side of a combined liquefier jar and beater element, showing my new design, the other sides being substantially the same;

Fig. 2 is a top plan view thereof showing the interior;

Fig. 3 is a bottom view thereof; and

Fig. 4 is a horizontal sectional view taken midway along the vertical length of the liquefier jar looking upwardly from the bottom of the jar as shown in Fig. 1.

I claim:

The ornamental design for a combined liquefier jar and beater element, as shown and described.  
JACK MORGAN.
