[57] **CLAIM**

The ornamental design for a portable two-way radio or similar article, as shown and described.

DESCRIPTION

FIG. **1** is a top, front and left side perspective view of a portable two-way radio or similar article showing my new design;
FIG. **2** is a right side elevational view thereof;
FIG. **3** is a rear elevational view thereof;
FIG. **4** is a top plan view thereof;
FIG. **5** is a bottom plan view thereof; and
FIG. **6** is a top, front and left side perspective view of a second embodiment of the control unit illustrated in FIG. **1.**
The right side, rear and bottom of the embodiment disclosed in FIG. **6** are identical to the corresponding views of the embodiment disclosed in FIG. **1.**
The broken line showing of the antenna is for illustrative purposes only and forms no part of the claimed design.
