[57] **CLAIM**

We claim the ornamental design for a flashlight, as shown and described.

DESCRIPTION

FIG. **1** is a perspective view of a flashlight embodying our new design.

FIG. **2** is a left side elevational view thereof, which is a mirror image of the right side elevational view thereof and identical to the top and bottom plan views thereof.

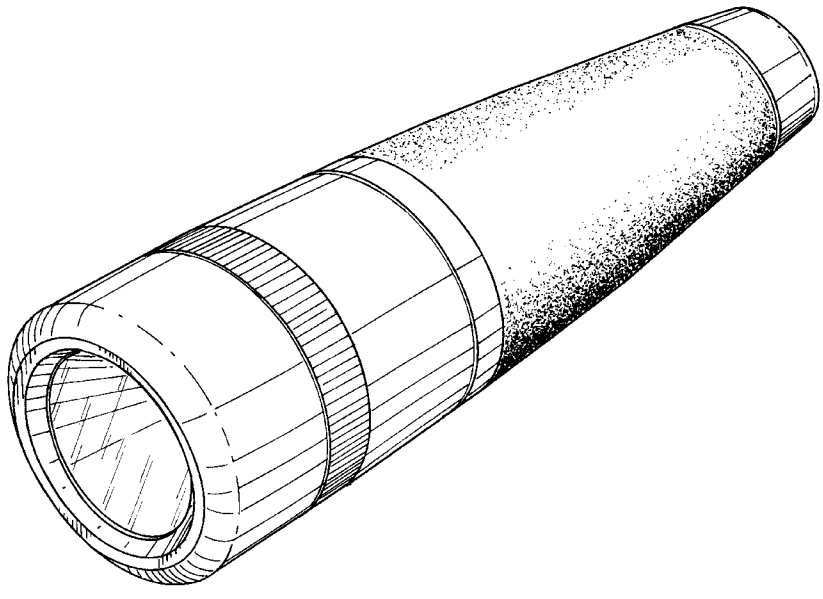

FIG. **3** is a front side elevational view thereof.

FIG. **4** is a rear side elevational view thereof.

FIG. **5** is a left side elevational view of a second embodiment of a flashlight embodying our new design, which is a mirror image of the right side elevational view thereof and identical to the top and bottom plan views thereof, the front and rear side elevational views being identical to the views of FIGS. **3** and **4**,respectively ; and,

FIG. **6** is a left side elevational view of a third embodiment of a flashlight embodying our new design, which is a mirror image of the right side elevational view thereof and identical to the top and bottom plan views thereof, the front and rear side elevational views being identical to the views of FIGS. **3** and **4**, respectively.
