The ornamental design for a display panel of an electronic
personal training device with a changeable computer gener-
ated icon, as shown and described.

DESCRIPTION

FIG. 1 shows a top view of a first image in a sequence for
a display panel of an electronic personal training device with
a changeable computer generated icon in accordance with
the present design.

FIG. 2 shows a top view of a second image in the sequence
for the display panel of the electronic personal training
device with the changeable computer generated icon in
accordance with the present design.

FIG. 3 shows a top view of a third image in the sequence for
the display panel of the electronic personal training device
with the changeable computer generated icon in accordance
with the present design; and,

FIG. 4 shows a top view of a fourth image in the sequence
for the display panel of the electronic personal training
device with the changeable computer generated icon in
accordance with the present design.

The appearance of the image transitions sequentially
between the images shown in FIGS. 1-4. The process or
period in which an image transitions to another forms no part
of the claimed design.

The broken line shown in FIGS. 1-4 forms no part of the
claimed design.
