CLAIM
The ornamental design for a pneumatic tire tread and buttress, substantially as shown and described.

DESCRIPTION
FIG. 1 is a perspective view, partly schematic, of a pneumatic tire tread and buttress embodying my new design, it being understood that the pattern is repeated throughout the circumference of the tread and buttress, as shown schematically by solid lines;
FIG. 2 is an enlarged, fragmentary developmental plan view of the tread and buttress of FIG. 1; and
FIG. 3 is an enlarged, sectional view of the tread and buttress, taken substantially as indicated by line 3—3 of FIG. 2.
